ACADEMIC DETAILS

B Tech (Computer Science and Engineering)	2021-2025	MMMUT, Gorakhpur	7.01/10.0
Class XII (ISC)	2021	City Montessori School	93.75%
Class X (ICSE)	2019	City Montessori School	94.0%

PROJECTS

shopApple

- Project Link: <https://Vatsalmadhur.github.io/shopApple>
- Tech Stack: ReactJs, ThreeJs, GSAP.
- shopApple is the clone of the official iPhone 15 website.
- It uses ThreeJs as well as GSAP for super smooth animations.

notYouTube

- Project Link: <https://Vatsalmadhur.github.io/notYouTube>
- Tech Stack: ReactJs, RapidAPI, MaterialUI.
- notYouTube uses the Rapid API service to render the data (videos) directly from the server to the client.
- It has a number of categories to select the videos from, along with a New Videos section that gets updated dynamically as well as a search bar to search videos.

Academia

- Project Link: <https://aicademia.madhurvatsal.tech>
- Tech Stack: Jetpack Compose, Firebase Auth SDK, Firestore, AngularJS, Google Gemini.
- Alcademia is a mobile app designed to optimise learning efficiency by leveraging prior knowledge. It begins by assessing a user's existing skillset and learning objectives.
- Built in doubt section for asking doubts in currently learning topic or resolve other's doubts in topics you already comfortable with.

ACHIEVEMENTS

- Round 1 qualified- Google Solution Challenge 2024.
- Certificate of Appreciation-Google Developer Student Club.
- Open Source-Social Summer Of Code.
- Open Source- Social Winter of Code.
- Winner -Devheat 2022.
- 120+ questions solved on Leetcode.
